ENTITY 1: THE AUDIENCE VOTER

Mobile Audience Voting & Single-Vote Defense

Step 1: Scan & Search

Voter scans stage QR code or searches contestant name/code on shabach.vercel.app.

Step 2: Enter Email (OTP)

Voter taps 'Vote for Contestant', enters email, and receives a 6-digit code in seconds.

Step 3: Confirm Ballot

Voter inputs the 6-digit code and confirms. Receipt badge confirms ballot persistence.

🛡️ **1-Person-1-Vote Policy**
If a voter attempts to vote again for any act, the system immediately blocks it: 'You have already cast your single vote for this finale.'

⏳ **15-Minute Voting Window**
Voting is locked until Act 16 concludes. Director opens voting for 15 minutes, then closes it before score collation begins.

ENTITY 2: THE 4 JUDGES

Adjudication Console: /judges/judge[1-4]

Live Safety Indicator & Drafts
Gold 'Unsaved edits' dot alerts judge when scores are pending. Judges can tap 'Save draft' anytime to persist work locally.

Review Card Before Locking
Judge taps 'Review & submit', verifies the exact raw subtotal in an amber card, then confirms. Once submitted, the card is locked.

Conflict of Interest Checkbox
If a judge has a pastoral or coaching connection with an act, ticking the conflict box locks submission and flags it for score-desk review.
